

Niverville High School

Year-End Community Report for 2019-20

Connect. Grow. Thrive.

About Us

- We are a brand new high school serving grades 9-12. We opened on September 4, 2019 and are pleased to offer bright, open, innovative learning spaces for our students.
- We have 306 students, 22 teachers, 6 educational assistants, 2 secretaries, 1 learning commons clerk, and 4 custodians.
- We offer a wide variety of academic and extracurricular programs that promote engagement in our school community.
- We are in the process of developing an Interactive Digital Media vocational program and currently offer courses at the grade 9 and 10 level.
- We focus our teaching and learning around the 21st century skills of communication, critical thinking, collaboration, character, citizenship and creativity.

Planning Priority #1 – Learning Environment

Establish a safe, caring and collaborative culture in which students will find connection and a sense of belonging.

Year-End Accomplishments

- Teachers and students co-constructed classroom norms to optimize the environment for deep learning.
- Drama, Photography, and Broadcast & Film were added as new elective courses.
- Extra-curricular clubs expanded to include E-sports, Board Games, and a GSA.

Planning Priority #2 – Pedagogical Practices

Develop and implement rich, authentic learning experiences for students that will result in deep, long-lasting learning.

Year-End Accomplishments

- All teachers participated in a school-based Deeper Learning team.
- Intentional focus was placed on the 6C's and student awareness of the C's, and their importance, increased.
- Project Based Learning was implemented at the grade 9 level providing an interdisciplinary approach to learning with an inquiry focus.

Planning Priority #3 – Learning Partnerships

Provide opportunities for students to engage in learning partnerships that foster student agency and personal ownership of their learning.

Year-End Accomplishments

- Grade 9 students engaged with a variety of outside experts and organizations which provided relevant and authentic experiences and a public audience with whom to share their learning.
- Students began to engage in the process of self-assessment with the support of their teachers for the purpose of setting goals and furthering their own learning.
