

TIPS & TRICKS

FOR SUCCESSFUL REMOTE LEARNING

While our teachers are working diligently to provide students with the best learning experiences possible, remote learning on at-home days can present various challenges. Our partnership with parents is critical in ensuring its success. We hope these quick tips prove helpful as we navigate remote learning together.

TIP 1

DESIGNATE A LEARNING SPACE

Students should have a designated learning space that eliminates distraction and provides continuity in their day. This area should be a tidy, comfortable space that allows them to focus on their school work.

TIP 2

ESTABLISH A ROUTINE

Help your student develop a daily routine and schedule to help manage their time. Wake up shower eat do school work treat it like a regular school day. Set daily and weekly goals. Create a checklist of things you need to accomplish.

TIP 3

COMMUNICATE

Remind your child to check their school email daily as well as google classroom for assignments and communication from their teachers. Encourage them to connect with their teachers and peers when they need help.

TIP 4

ASK ABOUT THEIR LEARNING

Ask specific questions about each of their classes to track their progress. Students can show you their google classroom and what they've been working on. Acknowledge difficulties and contact teachers for help and support.

TIP 5

FOLLOW HEALTHY HABITS

It is easy to get trapped on the computer during remote learning. Encourage healthy snacks and proper hydration throughout the day. Schedule in breaks, physical activity, and a bit of fresh air each day.
