

Niverville High School Principal's Report - PAC

December 2019

A huge thank you to PAC for their show of appreciation for the NHS staff on November 14th. The food provided was amazing and we appreciate the thoughtful gesture.

We held our first school fundraiser in the month of November and we thank students and parents for their support by selling chocolates or making a monetary donation. We will decide over the next few months on how best to use those funds.

Phase 2 of the school is ahead of schedule and we hope to be moving our drama and band classes into the new space in late winter or early spring. The daycare is set to open in late spring or early summer.

Our student leadership team, in conjunction with staff, collected enough food and toys to provide two Christmas hampers to families in the community. We are proud of our students' efforts and caring hearts.

Happy Holidays!
