

2021/2022 Grade 10 Course Selection Planner

This document is to help you plan which courses you are interested in taking. This planning will then be used to complete online course selection.

Mandatory classes for grade 10's - all grade 10's must take these five courses:

- English Language Arts
- Science
- Geographic Issues of the 21st Century
- Physical Education
- Mathematics - choose either Essential Math or Introduction to Applied and Precalculus Math

How do I choose which math course to take?

Each math course has a different focus and intended student learning outcomes.

Essential Math

This course is designed to provide students with the mathematical understandings and critical thinking skills that are foundational and practical for the workforce and everyday life. This course emphasizes topics like wages and salaries, consumer decisions, and personal finance.

Introduction to Applied and Precalculus Mathematics

Recommended 70% in Gr 9 Mathematics

The course contains a study of abstract mathematics that emphasizes problem solving, mental mathematics, and the use of technology to investigate ideas. Mastery of algebraic operations, an aptitude for problem solving and an ability to effectively communicate logical solutions to a problem both verbal and in written format is required. This mathematics course is intended for students expecting to further their mathematical studies in post-secondary education.

Choices for grade 10's:

Math

Choose one of the following courses:

- Essential Math
 - Intro to Applied and Precalculus Math
-

Electives

Students in grade 10 must select 5 electives. Not all combinations of elective choices are possible due to scheduling conflicts. To help us to create a schedule with courses you're interested in taking, we ask that you choose and rank your top seven electives. Our priority is to enroll you in your top three choices, barring any conflicts. The remaining two courses will be as close to the top of your preference list as possible.

Choose and rank seven of these courses, with 1 being the course you most want to take.
