

# THE 6C's

Our focus on the 6C's will develop personal, interpersonal and cognitive skills that will allow us to face complex issues and respond successfully to an ever-changing world.

## COMMUNICATION

Being purposeful, meaningful, and intentional about how we receive and share ideas by utilizing a variety of methods and strategies

## CRITICAL THINKING

Evaluating information and constructing meaningful knowledge for the purpose of making informed opinions and effective decisions

## COLLABORATION

Learning from and contributing to the learning of others

## CREATIVITY

Considering, developing and pursuing new ideas, perspectives and opportunities

## CHARACTER (AS A LEARNER)

Fully engaging in the learning process while effectively managing failure and success along the way

## CITIZENSHIP

Viewing conflict and problems from multiple perspectives and contributing to communities in a positive way
