

## 2025/2026 Grade 12 Course Selection Planner

This document is designed to help you plan which courses you are interested in taking. This planning will then be used to complete online course selection.

### **Compulsory Courses**

All grade 12's must take these three courses:

- English Language Arts
- Mathematics - choose Essential Math, Applied Math, or Precalculus Math
- Physical Education

### **How do I choose which math course to take?**

Each math course has a different focus and intended student learning outcomes.

#### Pre-Calculus Math

*Recommended 70% in Gr 11 Precalculus Math*

Pre-Calculus Mathematics is designed for students who intend to study calculus and related mathematics as part of their post-secondary education, such as medicine, commerce, or engineering among others. This course is a study of abstract mathematics with an emphasis on problem solving and mental mathematics.

#### Applied Math

*Recommended 70% in Gr 11 Applied Math*

This course is intended for students considering post-secondary studies that require knowledge of problem solving skills using mathematics and technology, such as sciences, electrical, nursing, or accounting among others. It promotes the learning of numerical and geometrical problem solving techniques as they relate to the world around us.

#### Essential Math

This course of study is designed to provide students with the mathematical understandings and critical thinking skills that are foundational and practical for the workforce and everyday life. Grade 12 Essential Mathematics emphasizes financial applications, problem solving, decision making, and spatial sense.

Full Name: \_\_\_\_\_

## **Choices for grade 12's:**

### **Compulsory Courses**

#### **Math - choose one:**

- ☐ Essential Math
- ☐ Applied Math
- ☐ Pre-calculus Math

#### **ELA - choose one:**

- ☐ Transactional Focus
- ☐ Comprehensive Focus
- ☐ Literary Focus

#### **Phys Ed - if you want this option, check this box:**

- ☐ I would like to register for Female Fitness to complete my phys ed credit

### **Elective Courses**

Students in grade 12 take at least 3 electives, and can choose up to 7. Not all combinations of elective choices are possible due to scheduling conflicts. To help us to create a schedule with courses you're interested in taking, we ask that you choose and rank your top seven electives. Our priority is to enroll you in your top three choices, barring any conflicts. The remaining courses will be as close to the top of your preference list as possible.

Indicate the number of electives you would like to take next year (between 3 and 7). Then, choose and rank eight of the following courses, with 1 being the course you most want to take.

Number of electives I would like to take: \_\_\_\_\_

☐

Band

☐

French

☐

Biology

☐

Chemistry

☐

Physics

☐

Law

☐

Psychology

☐

Drama

☐

Art

☐

Kinesiology - taught with Phys. Ed.

☐

Photography

☐

Interdisciplinary Topics in Science

☐

Business: Marketing and Digital Commerce

☐

History of Western Civilization

☐

Global Issues

☐

Interactive Digital Media

☐

Computer Science
